- Used React framework and jQuery to design the user experience

Work Experience

FREELANCE CONTRACTOR - Web developer   Present

Collaborated with another developer to rebrand a WordPress website into a custom HTML, CSS, JavaScript, and Node.js solution. I designed the mobile interface, ensuring a seamless user experience across all devices. My responsibilities also included the comprehensive setup of the backend, including database management and page routing. As a result of our combined efforts, we transformed the site into a highly responsive, visually appealing, fully functional recruiting platform.

AMONE - Loan Matching Specialist   2019 - 2023

Successfully matched loan applicants with the appropriate loan products and lenders based on their financial needs and credit profiles. Managed a high volume of inbound/outbound calls and ensured accuracy of loan files. Brought in over $1.3 million in revenue.

FORD MOTOR CREDIT COMPANY - Wholesale/Titles Representative   2016 - 2019

Acted as the primary point of contact for dealership clients, providing expert advice and support on automotive financing and credit-lines. Efficiently managed the state-to-state title transfer process for assigned customers, ensuring timely and accurate completion. Verified the accuracy of title information and collected and processed all necessary documentation.
