Skills

HTML/CSS | JavaScript | React | Node.js | Express | C# | .NET | Python | Flask | SQL | PostgreSQL | Git
MongoDB | Data Structures | Algorithms | Front-end Development | Back-end Development | Agile | VS Code

Education

University of South Florida - Software Engineering Bootcamp   **2023**
- Comprehensive training in front-end and back-end web development, databases, and algorithms.
- 1:1 collaboration with an industry expert, resulting in several deployed full-stack projects.

Hillsborough Community College - AA Business Administration   **2020**
Coursework in Leadership, Management Principles, Accounting, and Entrepreneurship.

Projects

ChatterBox - (React, Node.js, Express, PostgreSQL, WebSockets)
- Developed a dynamic React-based chat app with real-time messaging functionality.
- Implemented PostgreSQL for data storage and encrypted user data using Bcrypt.
- Express and WebSockets to allow real time message sending and retrieval

Twitter Clone - (Python, Flask, SQLAlchemy)
- Built a Twitter clone in Python and FLask with friend networking, postin and search features.
- Employed SQLAlchemy for database management and password encryption using Bcrypt.

Job Search Board - (React, Node.js, Express, PostgreSQL)
- Engineered a Node.js backend REST API for job data management in PostgreSQL.
- Created a user-friendly front-end experience using React and jQuery.

Experience

Freelance Software Engineer - Web Developer   **Present**
- Rebranded a WordPress site to a custom HTML, JavaScript, and Node.js solution resulting in increased site engagement.
- Designed a mobile-responsive UI ensuring optimal user experience across all screen sizes
- Implemented comprehensive backend setup, including database management.

AmOne - Loan Matching Specialist   **2019 - 2023**
- Matched loan seekers with suitable loan products and lenders, generating over $1.3 million in revenue.
- Managed high-volume of calls and ensured accuracy in loan file management.

Ford Motor Credit Company - Wholesale/Titles Representative   **2016 - 2019**
- Advised dealership clients on automotive financing and managed state-to-state title transfers efficiently.
- Ensured accuracy in title information and streamlined documentation processes.
